

Carbon Fiber T700 Pickleball Paddle Set

The

Carbon Fiber T700 Pickleball Paddle Set

is a high-performance, tournament-ready kit crafted for players who demand a blend of speed, spin, and control. At its core lies a raw Toray

T700 carbon fiber

surface, delivering excellent stiffness and energy return while maintaining a lightweight feel. This high-grade carbon face often features a matte or slightly textured finish to increase friction, allowing for greater ball grip and enhanced spin — ideal for advanced dinks, drops, and spin-heavy shots.
