Cypress 3 in 1 MagSafe Foldable Wireless Charger

Comprehensive All-in-One Charging Station

The Cypress 3-in-1 MagSafe Foldable Wireless Charger serves as the ultimate hub for your essential Apple ecosystem. Engineered to power your iPhone, Apple Watch, and AirPods simultaneously, this integrated station eliminates the need for multiple cables and adapters. It provides a highly efficient and organized way to manage your devices, ensuring your entire tech suite is ready for action every day.

Precision MagSafe Integration

Featuring advanced MagSafe compatibility, this charger utilizes high-strength magnets to ensure a secure and instantaneous connection for your iPhone. This precise magnetic alignment guarantees optimal power transfer and stable wireless charging every time you set your phone down, keeping your device perfectly positioned for maximum efficiency.

Ultra-Portable Foldable Architecture

Designed with a focus on mobility, the Cypress 3-in-1 features a sophisticated foldable design that collapses into a compact, pocket-friendly form. This makes it an indispensable accessory for travel and on-the-go lifestyles, allowing you to maintain a high-performance, clutter-free charging setup in hotel rooms, offices, or anywhere your journey takes you.

Durable Craftsmanship and Modern Aesthetics

Constructed from premium materials, the Cypress charger merges long-lasting durability with a sleek, minimalist aesthetic. Its professional look complements any home or office environment while providing a practical solution for space management. It is a reliable, high-performance tool that keeps your workspace organized and your devices powered with style.

Technical Specifications and Power Output

The Cypress charger utilizes a high-speed Type-C input (supporting 5V/3A and 9V/3A) to distribute power effectively across all three charging zones. The primary phone module offers adaptive output levels of 5W, 7.5W, 10W, and 15W to suit various iPhone models. Additionally, the dedicated watch module provides a steady 5W output, while the earphone zone delivers 2.5W, ensuring a safe and balanced charge for all connected devices.

Specifications

Input (Type-C) : 5V3A/9V3A
Output for Phone : 5W/7.5W/10W/15W
Output for Watch : 5W
Output for Earphone : 2.5W

What’s Included
