Anson UL listed 18W Wall Quick Charger QC3.0

High-Speed and Efficient Power Delivery

The Anson UL Listed 18W Wall Quick Charger is engineered to provide rapid energy for smartphones, tablets, and a wide variety of USB-powered peripherals. Utilizing advanced Quick Charge 3.0 technology, this adapter significantly accelerates the charging process compared to standard chargers. By minimizing downtime and ensuring your devices reach full capacity faster, it provides the efficiency needed to keep up with a demanding schedule.

Certified Safety and Reliable Performance

Safety is a primary focus of the Anson 18W charger, which is UL listed to ensure it meets the most rigorous industry standards for quality and security. The device features an integrated suite of protective technologies, including Over Power Protection (OPP), Over Voltage Protection (OVP), and Over Current Protection (OCP). These safeguards prevent overcharging, overheating, and short-circuiting, offering total peace of mind while powering your valuable electronics.

Compact and Travel-Ready Architecture

Designed with a focus on portability, this wall charger features a minimalist and lightweight form factor. Its small footprint allows it to occupy minimal space on a power strip or in a wall outlet, making it an ideal solution for home, office, or professional travel. The compact design ensures it fits effortlessly into laptop bags, backpacks, or pockets, providing a powerful charging solution that goes wherever you do.

Dependable Utility for Modern Environments

Whether you are setting up a workstation, upgrading your home charging setup, or preparing for an international trip, the Anson QC3.0 Wall Charger is a versatile and robust choice. By combining industry-certified safety with high-speed charging performance and a portable build, it ensures your mobile devices remain fully operational in any environment.

Technical Specifications and Global Compatibility

The Anson charger is designed for global use with an AC 100-240V input, allowing it to function across various international power standards. The high-performance USB output supports multiple voltage levels, including DC 3.6-6V at 3A, 9V at 2A, and 12V at 1.5A, totaling a powerful 18W output. With official FCC and QC3.0 certifications, this charger delivers a stabilized and efficient current to optimize the battery health of your connected devices.

Anson UL Listed 18W Wall Quick Charger QC3.0

Safety and User Documentation

Product	AAT-WCG85-023
Color	Black, White
Product Dimension	1.80in x 0.84in x 2.84in
Product Weight	1.80 oz
Imprint Method	UV Printing Full Color
Imprint Area	2.09in x 1.06in
Imprint Location	Front Side, Both Side
Digital Proof	$20(P) (Required)
Minimum Qty	25

Unit Price on (P)

Qty	**25**	**50**	**100**	**250**	**500**	**1000**
Price	$21.18	$18.16	$16.96	$15.92	$15.36	$14.82
