Tarzana 10,000mAh Power Bank

High-Capacity Mobile Power

The Tarzana 10,000mAh Power Bank provides a robust energy reserve designed to keep your essential electronics fully charged throughout the most demanding days. Boasting a high-density battery cell, it possesses the capacity to recharge smartphones, tablets, and various USB-powered peripherals multiple times. This ensures you remain connected and productive, regardless of your proximity to a wall outlet.

Fast and Highly Efficient Charging

Engineered with advanced power delivery technology, this power bank offers a rapid and reliable energy transfer to your mobile devices. By focusing on maximizing charging efficiency and minimizing downtime, the Tarzana power bank provides the freedom to move through your schedule without the constant worry of a low battery, keeping your tech ready the moment you need it.

Ultra-Portable and Travel-Ready Design

Crafted specifically for a life in motion, the Tarzana Power Bank features a sleek, minimalist profile that prioritizes portability. Its lightweight construction allows it to slip effortlessly into a briefcase, backpack, or pocket. This makes it an indispensable companion for international travel, professional commuting, or long days out in the field where space and weight are at a premium.

Reliable Energy for Modern Lifestyles

Whether you are navigating a busy office environment, studying on campus, or embarking on outdoor adventures, the Tarzana 10,000mAh Power Bank is built to perform. It offers a durable and convenient solution for the power-heavy demands of modern mobile life, ensuring that your devices stay operational during critical moments.

Technical Specifications and Performance

The Tarzana Power Bank features a substantial 10,000mAh battery capacity, making it a true powerhouse for its size. It offers versatile recharging options with dual inputs, including a Micro USB port and a USB-C port, both supporting 5V/2.1A. For output, the device is equipped with two USB-A ports, each delivering a steady 5V/2.1A to charge multiple devices simultaneously. The unit achieves a full recharge in approximately 4.5 to 5 hours, ensuring it is ready for your next journey with minimal wait time.

Specifications

Battery Capacity : 10000mAh
Input 1 (Micro USB) : 5V/2.1A
Input 2 (Type C) : 5V/2.1A
USB-A Output 1 : 5V/2.1A
USB-A Output 2 : 5V/2.1A
Charging time : 4.5-5 H

What’s Included

Tarzana 10,000mAh Power Bank

Micro-USB Charging Cable

User Manual

Product	AAT-PWB258-017
Color	White
Product Dimension	2.80in x 0.62in x 5.40in
Product Weight	5.98 oz
Imprint Method	Blank, UV Printing Full Color
Imprint Area	0.90in x 1.00in
Imprint Location	Front - 2.25in X 4.52in, Back - 2.25in X 3.15in
Digital Proof	$20(P) (Required)
Minimum Qty	25
